

Let's talk about health care access in Chicago.

CommunityHealth's vision is Quality Health Care for All.

Since 2015, CommunityHealth has hosted the All In™ Chicago event series to convene stakeholders who can help us ensure all Chicagoans have access to the right health care, at the right time, in the right place.

We are a medical home for uninsured and underinsured adults in Chicago.

CommunityHealth provides high-quality, essential health care to Chicagoans facing poverty, at no charge to the patient. We provide primary and specialty care, medications, lab testing, mental health services, and health education to those who would otherwise go without essential health care.

For every \$1 donated to CommunityHealth, we provide \$7 worth of care.

Are you All In?

CommunityHealth invites you to sponsor the All In™ Breakfast Summit and the All In™ Celebration in 2024.

Your customizable sponsorship package entitles you to event admission and recognition throughout the All In™ series. More importantly, your support directly enables us to continue our work in providing high quality health care and addressing the ongoing migrant crisis.

Thank you for your thoughtful consideration of this request.

Deadlines apply for sponsor benefits, so please promptly contact Olivia Metsa at ometsa@communityhealth.org to secure your 2024 sponsorship.

CommunityHealth turns every dollar donated into \$7 worth of health care.

By sponsoring both the All In™ Breakfast Summit and the All In™ Celebration, you help us provide primary and specialty care, essential medications, health education, lab testing, and much more to uninsured and underinsured adults facing poverty in Chicago.
